 - III. where there is a sound and known reporting system for any incident.
- c. Activities undertaken by EERC shall be planned, organised and delivered in accordance with the principles of EERC's Policy for Safeguarding of Vulnerable Persons.

6. PARTNERS

EERC will advance the protection of Vulnerable Persons, where possible, through its relationships with its partners, taking into account the particularities of the development context

in which EERC operates.

EERC expects its partners to pursue their work in the same spirit and create a Caring Environment for Vulnerable Persons.

EERC expects partners who work directly with Vulnerable Persons to develop an appropriate code of conduct that identifies the types of prohibited conduct that would cause abuse to Vulnerable Persons and which provides guidance for their staff to avoid any acts of abuse against Vulnerable Persons. In pursuing this goal, EERC therefore will:

- a. Implement in its template for agreements with partners, consultants and service providers or grantees (refers to as “**EERC partners**” hereafter) a clause, which aims to ensure the adherence of EERC’s partners to this Policy for Safeguarding of Vulnerable Persons. The clause shall read as follows:

“EERC believes that all vulnerable persons, meaning children below the age of eighteen years and vulnerable adults, require protection from all forms of abuse and exploitation.

Wishing to promote and ensure the highest standards in this regard, EERC expects the Recipient [alternatively: the consultant/ the service provider/ the partner] to adhere to its Policy for Safeguarding of Vulnerable Persons and to promote the values and standards laid down in this Policy in its work.”

- b. Actively promote its Policy for Safeguarding of Vulnerable Persons by making the Policy publicly available through the EERC website (<https://eerce.org>); and
- c. Provide relevant guidance to EERC’s partners, aimed at the safeguarding of Vulnerable Persons.

7. PROCEDURE

- a. EERC expects all affiliates to be alert to signs that may suggest a Vulnerable Person is at risk of abuse or exploitation. EERC also expects the employees of EERC’s partners to adopt the same approach.
- b. EERC shall treat any allegation or concern regarding the abuse of a Vulnerable Person seriously. The reporting procedure outlined below shall be followed strictly by EERC affiliates. In following the reporting procedure, particular care shall be taken with regard to an individual’s right to privacy and confidentiality when information is shared with appropriate people in the course of following up an allegation.
- c. To facilitate reporting, EERC requires that the HR shall be responsible for ensuring that the Policy for the Safeguarding of Vulnerable Persons is implemented and followed.

To this end, the HR is expected to:

- I. Receive and register reports of abuse of Vulnerable Persons from EERC staff or staff of EERC’s partners.
- II. Collect additional information as appropriate.
- III. Assess risk.

- IV. Consult with EERC's executives, Legal Adviser, Programme staff and Country Managers as appropriate.
- V. When appropriate, consult with external organisations including partners, local agencies, and community leaders.
- VI. Make a formal referral if appropriate to the EERC Management, partners and or local authorities.

d. If any of the following incidents occur, a EERC affiliates must make a report to the HR:

- I. Abuse is observed or suspected.
- II. An allegation of abuse is made.

- IV. A complaint is made about the possible abuse or exploitation of a Vulnerable Person by a EERC affiliates or partners.

Upon receipt of the report, the Safeguarding Officer shall act as appropriate, following the reporting procedure as outlined above.

e. EERC affiliates working on project development or monitoring have to be alert to possibilities of the abuse and exploitation of Vulnerable Persons. If such abuse or exploitation is observed, it is the duty of EERC affiliates to inform the HR. The affiliates should not attempt to investigate the allegation or to discuss it further other than with the HR who is responsible for further investigation and, if necessary, referral to the police and/or appropriate local authority in the jurisdiction where the reported incident has or may have taken place.

f. EERC expects its partners to develop and implement a relevant protection and reporting procedure, in line with the size and complexity of their organisation, based on relevant risk assessment and in observation of the international standards, as promoted, inter alia, by the Keeping Children Safe Coalition and the Core Humanitarian Standard (CHS) Alliance.

g. Where a EERC project includes working directly with vulnerable persons (e.g. young people taking part in a workshop), a risk assessment must be carried out in advance and approved by a member of staff. This will include factors such as travel to/from the event; the need for chaperones; safe spaces; access to washrooms and parental consent.

8. REPORTING ABUSE

The HR, after being informed of an allegation, will make a preliminary assessment and determine the course of action appropriate to the seriousness of the alleged offence. As a matter of principle, once it is decided that an alleged abuse needs to be investigated, then the HR will disclose all relevant information to the Management.

The following are key steps in any process to substantiate any reported allegations:

a. Investigate

The HR will consult with the EERC managers as appropriate; if the abuse occurred within the context of a project, both the relevant Country Director and the relevant programme lead will be consulted.

The allegation will be investigated and the individual(s) concerned informed of the allegations against him or her, and the course of action to be taken. At the same time, the HR will ensure that all information in the possession of the individual suspected is secured for investigation. If appropriate to safeguard EERC during the investigation period, the individual alleged to have committed the abuse may be taken out of his/her position. This may mean the individual is put

into another position, put on leave with pay or suspended without pay.

b. Collect evidence

Depending on the magnitude and the complexity of the offense, investigations will be carried out by the Country Office or where deemed appropriate, by local authorities. The involvement of external parties must be approved by the HR.

c. Report

Ensuring a report is issued on a timely basis detailing the findings and conclusions of the investigation including recommendations for action to be taken. The report will only be disclosed to the Executive Director and Governing Body, and others with a need to know. This is important to avoid damaging the reputation of those suspected of wrongdoing and subsequently found innocent.

9. ACTION

In all cases the course of action will be determined in consultation with the members of the Governing Body and the EERC legal adviser.

10. PREVENTION

- a.** EERC will follow preventative measures to make the workplace and EERC's projects and programmes safe for vulnerable people. Such measures will also protect affiliates, partners and the reputation of the organization. EERC will also encourage its Partners adopt the highest possible standards in accordance with the scope of their operations and structure.
- b.** EERC will ensure that all EERC affiliates and partners working directly with Vulnerable Persons and, in particular, with children, introduce a system of checks when recruiting new staff that considers the following if appropriate:
 - I. The same standards should be applied for paid, non-paid, short-term or permanent staff.
 - II. When a new job is being designed, the role and the issues of child and vulnerable adult protection and risk in that job shall be carefully considered:
 - a. What contact with children or vulnerable adults will the job involve?
 - b. Will the employee have unsupervised access to children or vulnerable adults, or hold a position of trust?
 - c. What other sort of contact may the person have with children or vulnerable adults (e.g. via email, telephone, letter, Internet)?
 - III. Making clear in job descriptions, terms of reference/role briefs for all posts (including where short-term contracts or consultants are being recruited) – whether the role includes any specific responsibility for working with Vulnerable Persons and for safeguarding.
 - IV. For all positions, the selection criteria will include the need to understand and abide by EERC's organisational policies and values.
 - V. Where relevant, the selection criteria shall outline the relevant experience needed

and:

- a. Application forms that ask for consent to gain information on a person's past convictions/pending disciplinary proceedings shall be developed and documentation to confirm identity and proof of relevant qualifications shall be requested, this is applicable for roles that involve safeguarding issues.
 - b. The interview process shall be well planned and the interviewers have the relevant experience and knowledge about child and vulnerable adult protection and best practice and how to question the candidate appropriately to elicit responses on this subject.
- VI. Up to three employment-based references including the most recent employer shall be taken and the identity of referees shall be verified by ensuring that references are received on headed paper or company email addresses. Questions should be asked regarding conduct as well as job performance. Where the post holder will have responsibility for working with children or vulnerable adults, the reference request will include a particular question regarding the suitability of the candidate to work with this group.
 - VII. As many background checks as possible shall be conducted.
 - VIII. The use of probationary periods of employment to ensure suitability once in post shall be considered.
- c. Affiliates and partners working directly with Vulnerable Persons and, in particular, with children, should assess the possible ways that children come into communication contact with staff, and to decide what procedures they need to follow to prevent possible abuse through digital communication such as SMS text, email, internet chat rooms, photo phones, digital cameras etc.
 - d. EERC and partners working directly or indirectly with Vulnerable Persons, and in particular with children, will foster and implement guidance for staff responsible for events/activities involving children in a development context.
